Streaming â example licence
EXAMPLE ONLY. This is a blank. It is not legal advice and it is not signed.
Parties: [Artist] and Tuneable Community Interest Company
Work: [Title] by [Artist]
The artist keeps the copyright. The grant is non-exclusive.

Tuneable may host the file and stream it on Tuneable.
That includes a listener’s library, a party, and the public charts.
This does not hand over a download, and it does not allow samples,
remixes, sync, adverts, redistribution, or use for training AI models.
The artist may remove the work from Tuneable. Removal stops new streams.
